Faulty Bible interpretation lies at the root of every major mistake and 'ism' assailing churches today, and countless Christians are asking for the old, traditional and proven way of handling the Bible to be spelled out plainly. A new approach to interpretation has also gripped many evangelical seminaries and Bible colleges, an approach based on the ideas of unbelieving critics, stripping the Bible of God's message, and leaving pastors impoverished in their preaching. This book reveals what is happening, providing many brief examples of right and wrong interpretation. The author shows that the Bible includes its own rules of interpretation, and every believer should know what these are.
