This is a set of 135 easy Chinese reading books, which works as supplemental reading material and is available in both simplified and traditional characters. The book set has been specifically designed for non-Chinese-speaking children. It serves as a Chinese reading tree to the young language learners. This reading tree has also worked with TING, a German audio learning system, to publish a read and listen version with the application of an audio pen. Any interested buyers please contact info@ting.com.hk for further purchase details. The book set contains 15 themes, which cover the basic language-learning needs: Animals, Body parts, Clothes, Community/Shopping, Family/Friend, Feeling, Fruit/Food & Drinks, Nationality, Numbers/Shapes/Colors, Schooling, Seeing Doctor, Sports, Time, Transportation, and Weather/Nature. It has the potential to extend into more areas as needed. Each theme consists of 3 reading levels designed for a spiral method of language acquisition -- phrases are repeated along with new words, while sentence patterns are gradually developed from the simplest to more complicated approaches. There are 3 little books available for each reading level to reinforce young learner's language skills. The book set is easy to use with an international school Mandarin teacher's thematic teaching, and is useful in supporting a teacher's classroom practice and differentiation.
