Hazardous and Industrial Waste Proceedings, 32nd Mid-Atlantic Conference

Hazardous and Industrial Waste Proceedings, 32nd Mid-Atlantic Conference

This well-known annual conference brings together environmental specialists from universities, government, and private industry. This compilation of original presentations offers new information on recent technologies and strategies for managing hazardous and industrial wastes. It covers a broad spectrum of technological, engineering, and legal issues regarding the most current methods for reducing and eliminating these wastes.

This year's topics included biological treatment, brownfields, site remediation, advanced oxidation, air treatment, sediment clean-up, membrane processes, modeling, water quality, solid waste, metal stabilization and removal, as well as pollution prevention.

Research, technology development, demonstration, evaluation, and policy development were focal areas for the conference.
