The Rudolph Challenge (Flea's Five Christmases Book 2) Kevin George

The next year Flea spends in the human world is the longest of his life. Memories of his life at the North Pole are always on his mind, memories of his friends, of the magical world, of the evil ice demon that attacked him...

He's moved to Florida with Miss Mabel, who is more paranoid than ever. But the warm weather and sunshine does not last long - cold temperatures and snow seem to follow him wherever he goes... as do red-eyed snowmen...

His second year at the North Pole brings new adventures with his friends, new lessons at elf school, new prophecies from Red-Robe, new dangers from the South Pole and new answers - as well as new questions - about his real family...

From competing in the 'Snow Wars' to meeting new reindeer to dealing with a potential traitor at the North Pole, Flea will be lucky if he survives to see the end of another Christmas building season...
