When she's officially put on the payroll, Millie is thrilled to be cordially invited to consult on police issues, and it seems she doesn't have to wait long for her first case. Unfortunately, the body without an ID hits much closer to home than she had ever thought possible. With Detective Marx taken off the case and considered a suspect, Millie's left working to clear his name and consulting with a detective who doesn't believe in her abilities.

As if it couldn't get any worse, it seems the woman has been reported missing more than once, and everyone she's come into contact with over the years has a motive to make her disappear. Who can Millie trust? And if Detective Cantrell doesn't let her continue her work, how can she prove Jonathan had nothing to do with the murder?

As Millie does her investigating and gets in over her head, she learns that not all cases are simple, and it doesn't matter how hard you try – sometimes, you point the finger in the wrong direction.

If you love animals, especially cats, you will enjoy this cozy mystery series
