WATCHERS: The Fallen Angels William King

The author has combined the biblical narrative with Sumerian and Babylonian myths and legends that had already been translated from cuneiform writings to establish the origins of the solar system and humanity. Within the pages of this book one will find the answers to whom the Watchers really were; when the planets in our solar system were formed; how many planets are there really in our solar system; who created the dinosaurs, and where did they originate from; who created Homo sapiens; is Nibiru, planet x, or planet of the crossing real, or just a made up story, who created the most ancient sites around the world, and did giants standing twenty-five feet tall really walk the face of the earth.
