Scars: A Memoir Catherine Ramos

Want to go on a journey? One that is filled with love....A love that begins with family and paves your journey through life stone for stone....Then there is the love a partner supplies and with that love brings a lot of sex. Oh yes....the sex...well all I can say is that it will leave you breathless and in need of a fan many times. "Scars" is a story that is raw and from the heart. It's a personal memoir of my life and the decisions that I have made along the road. Some decisions were smart and some weren't but that's life, it's what helps us grow into who we are destined to be. So sit back and take this loving, sometimes funny, sexually charged yet raw journey with me....
