The Little White Trip: A Night in the Pines Peter Joseph Gallagher

They say that killing with a knife is the sex of murder. Two bodies coming together, opening the skin of another, the heat produced and lost by it all. To the real killer, there can be no other way. My friends deserved more of a chance than they were given - victims all do - but they seldom get it.... We had just graduated, and not even a week had grown from that date when our paths were cut short. I watched it happen. Even before the first strike, I saw it all going down. I accept the guilt for the part I played, the times I never spoke up, and the lies that I believed. But like I said before, what happened to us doesn't happen to anyone, so how could I have been expected to act differently. It's not until you actually see the knife go in that you really understand what you're into. I did that. I watched them die, and in the end, with my life one of the few and fleeting, I stepped into his world, a world where the fatal blow is merely a checkmate, and killing is just a game. This is our story, how it used to be and how it all ended up.
