ALEKS (Assessment and LEarning in Knowledge Spaces) is a Web-based system for individualized assessment and learning available 24/7 over the Internet. ALEKS uses artificial intelligence to accurately determine a student's knowledge and then guides her to the material that she is most ready to learn.

ALEKS' highly targeted instruction helps students build tremendous learning momentum by guiding them through arrays of problems that illustrate and reinforce their understanding of concepts. ALEKS offers immediate feedback and access to ALEKSPedia - an interactive text that contains more than 400 concise entries on chemistry topics.

ALEKS is also a full-featured course management system with rich reporting features that allow instructors to monitor individual and class performance, set student goals, assign/grade online quizzes, and more. ALEKS allows instructors to spend more time on concepts while ALEKS teaches students practical problem solving skills.

Active use of ALEKS will dramatically increase student grade performance and success in class.

As a student exactly feel bored to help reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring

along with can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want.
