Wiyra is an astral investigator. She can leave her body and search any specific point in space that she wishes. She merely has to know its location before she leaves herself. A problem arises when she leaves to examine some mineral deposits and returns to the place her body should be, only to find it missing.

Her entire home is missing. Her cousins, grandfather and brothers are all gone with no trace. There is only one person she can turn to, and while it makes her grit her astral teeth, she heads to Citadel Reevis.

Master Tracker Burin is woken from a sound sleep by an astral hand in his head, and while he is startled, delight soon follows. Wiyra has come to him for help and the Citadel does nothing for free. He has her right where he wants her...as soon as he finds her.
