Rapid Infectious Diseases is the fourth book to appear in the *Rapid* series. Each book is designed for short revision covering key facts in a simple and memorable fashion, using well-thought out mnemonics to aid recall

This new text provides students in the run-up to exams with a comprehensive review of possible causes for symptoms and conditions as well as the key facts of around 100 diseases, following the *Rapid* mnemonic. There will also be an appendix giving details of immunisations as well as a list of Further Reading and useful web sites.

Clinical students working on Emergency Medicine and General Practice attachments will find this book extremely useful. It may also interest those planning electives abroad. Junior doctors and GPs will find this a handy resource for quick access to information on the symptoms and diseases they may encounter in the clinical setting.
