Book One: Trading Teon

Garon and Lorne, shapeshifting males of the Ralenium race, are fierce guns for hire in the universe. When a cargo ship transporting women charged with crimes by the Galactic Star Union arrives on their planet, the men make the traders an offer they can't refuse. Planet Ralen is sorely lacking in women, and the males have an inborn desire to dominate, to tame females and to reproduce. When their inner beasts' clocks start ticking and the burning need to spread their seed consumes them, they go on the hunt for the perfect female. Too bad both men want the same woman.

Teon, a lady with a place in high society, thought life as she knew it was over when she was wrongfully charged with a crime by her stepmother. A prisoner en route to a barren planet to serve her sentence, she's presented with an opportunity to start over again on the planet Ralen. The catch is she has to be willing to be claimed by two males. Not just any males mind you, two burning hunks who are ready to fight to the death if need be to share her bed.

Book Two: Securing Sara

Jaston and Malock were once as close as brothers. War and the scars it left behind changed that. It's not until a woman, charged with a crime, arrives on their planet in need of sanctuary, that they're able to set aside their differences. Problem is, she's not quite as willing to submit as they'd like her to be. In fact, she's as spirited as they come. The males of Ralen are naturally dominant and the need to reproduce is upon them. If they don't do it soon they risk The Heat overtaking them.

Sara isn't one to bend to anyone's whim, let alone two hunky alpha males who want to not only pleasure her but collar her for life as well. She doesn't want to admit she has feelings for both men and worse yet, she wants to submit to them. She wants them to dominate her right into an orgasmic frenzy. Too stubborn to admit as much to them, she finds herself agreeing to live a life of servitude in a House of Pleasure rather than simply stating the truth—she wants them both.

Book Three: Rescuing Reya

Utan oversees one of the houses of pleasure on planet Ralen. He does the duty required of him but harbors no desire to find release in a woman many seek comfort for coin with. When his brother asks for his help in finding a small slip of a woman who came from a slave trader vessel, Utan rushes to aid Altan. He wasn't in search of a mate, a woman of his own, but he can't resist the urge to lay claim to her even at the expense of his brother's future.

Reya had it all. The promise of love, of a future, of happiness. It was all based on lies. Lies that left her in the hands of slave traders. When she finds herself on a strange planet with powerful men who can shift into beasts and who are in the market for strong stock to serve their every sexual whim, she knows she'll be given back to the traders to face certain death, so she makes a run for it—straight into the arms of two brothers. One who owns a brothel and the other who fights his inner beast with all he has. The three of them must find a way to come together if they're to make it work. Unfortunately, not everyone has their best interests at heart.
