Research Methods for Criminal Justice and Criminology (3rd Edition) Dean J. Champion

Research Methods for Criminal Justice and Criminology 3e is about how to do research and investigate various types of research questions that arise in criminology and criminal justice. A complete discussion of research ethics—including ethical issues relating to the Nuremberg Code, research sponsorship, rights of human subjects and deception — helps readers understand their ethical responsibilities as researchers. This book explores the entire criminal justice and criminology research process from beginning to end including: sampling procedures; data collection techniques; measurement, validity and reliability issues; the role of ethics in the research process; and writing and documenting research papers. Presents a practical guide for conducting research in criminal justice and criminology careers.
