Bay North wants revenge, no, she craves revenge. Hunted for her psychic ability to steal time and forced to watch her family die, all she wants is to make the crime lord who's taken everything from her pay. But now he's set the ultimate hunter on her trail and Bay will need all her skills just to survive the gray-eyed, hard-bodied man out to kill her.

Ex-Navy SEAL Sean Archer has nothing left but a thirst for vengeance. After his team is killed in Afghanistan by a time thief, he came home a broken man. Now he hunts any of the monsters he can find, ready to rid the world of the dangerous mutation.

But when he finally tracks Bay to Denver, he doesn't see a monster or a mutation, he sees a tough, beautiful survivor who ignites a desire he can't deny. During a shootout, hunter and hunted find themselves thrust into a reluctant alliance that shatters all their defenses. Can Sean convince a woman honed in revenge that they can have more than vengeance, blood and killing?

Note to readers: This fast-paced novella contains a lot of action and adventure (think gunfights, car chases and a little breaking and entering), cool superpowers (stopping time and mind control) and a steamy romance (lots and lots of sexy steam between a muscled former SEAL and a gutsy time thief). It's a little bit paranormal romance, a touch science fiction romance with a side of romantic suspense. So if you like it fast, and fun, and sexy, this is for you!
