Capital: Conceptos fundamentales / Manual de economía política (Spanish Edition) I. Lapidus , K. Ostrovitianov Marta Harnecker

En El capital: conceptos fundamentales, que constituye la primera y segunda parte de este volumen, la autora señala con gran precisión la validez teórica actual de El capital y propone un riguroso plan de lectura a quienes se inician en su estudio. La tercera parte corresponde al Manual de economía política de los economistas soviéticos Lapidus y Ostrovitianov, texto de elevada calidad pedagógica, aparecido en la URSS en 1929 y que Marta Harnecker traduce por primera vez al español.
