"I started doing the exercises in Sue's book, 'From Your Vision Board to Your Bedroom,' in January, and four months later I fell in love and into a relationship with the man who was everything I had asked for in a partner through those exercises. The exercises were simple and straight forward, yet they really made me dig into the specifics of what I was looking for and what I was willing to bring to the table. I had been so focused on how someone would fit into my hectic life that I hadn't thought about what I would be willing to change or adapt to, in order to fit into someone else's. The most important lesson I learned was the need to focus on what I wanted in a partner, not what I didn't want. It turns out that the one thing I really didn't think I wanted (a younger man) is the one thing I now could not imagine my life without!" -Jami B., Maine

Perhaps you've read the Secret and learned about **the Law of Attraction and Abraham Hicks**, and are really excited about manifesting love into your own life, but not sure how to go about doing it. This book will launch you to the next level. It is clear, concise and a formula for manifesting love.

Author, Sue Vittner, longed to be in a relationship with a partner that matched her "list." Then she discovered Abraham Hicks, the Secret, and studied the Law of Attraction. After researching, practicing and applying these principles into her own life, she literally manifested the type of man she was looking for and who was on her Vision Board. She has since helped her clients do the same.

A combination of stories, teachings and exercises, this book will help you get clear on what you want, make peace with your past, clean up limiting beliefs that are keeping you stuck, and learn how to harness the Law of Attraction so you can attract this partner you're desiring into your life.

This workbook format, provides lots of space to journal and explore right inside the book. The author's conversational tone and playful manner will let you feel you are literally sitting with her in your living room as you're reading the book. You'll love it!!
