*Positional Release Techniques* continues to be the go-to resource for those who want to easily learn and confidently use this manual approach to safely manage pain and dysfunction in humans (and animals). As well as a structural revision, the fourth edition now includes new illustrations and chapters with videos and an image bank on a companion website to reinforce knowledge.

At its core, the book explores the principles and modalities of the different forms of positional release techniques and their application which range from the original strain/counterstrain method to various applications in physical therapy, such as McKenzie's exercise protocols and kinesio-taping methods that 'unload' tissues. These methods are traced from their historical roots up to their current practice with a showcase of emerging research and evidence.

In addition to a series of problem-solving clinical descriptions supported by photos of assessment and treatment methods, learning is further boosted by practical exercises which examine PRT methodology and the mechanics of their use.

- Emphasises safety and usefulness in both acute and chronic settings
- Comprehensive coverage of all methods of spontaneous release by positioning
- Easy to follow and extensively illustrated
- Balanced synopsis of concepts and clinical-approach models throughout
- Learning supported by problem-solving clinical descriptions and practical exercises in the book as well as videos and downloadable images on the companion website - [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com)
- Revised content structure
- New chapters including:
  - Strain/counterstrain research
  - Positional release and fascia
  - Balanced ligamentous tension techniques
  - Visceral positional release: the counterstrain model
- Redrawn and new artwork
- Companion website - [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com) - containing videos that demonstrate application of PRTs and bank of downloadable images

**From reader reviews:**

**Robbie Stamant:**

Book is to be different for each and every grade. Book for children right up until adult are different content. As it is known to us that book is very important for us. The book Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques) ended up being making you to know about other expertise and of course you can take more information. It is very advantages for you. The reserve Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques) is not only giving you more new information but also to become your friend when you truly feel bored. You can spend your current spend time to read your book. Try to make relationship together with the book Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques). You never experience lose out for everything should you read some books.

**Raymond Llamas:**

Reading a guide tends to be new life style in this particular era globalization. With looking at you can get a lot of information which will give you benefit in your life. With book everyone in this world can easily share their idea. Books can also inspire a lot of people. Lots of author can inspire their particular reader with their story as well as their experience. Not only the story that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors on earth always try to improve their skill in writing, they also doing some research before they write to the book. One of them is this Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques).

**Philip Cooper:**

Do you have something that that suits you such as book? The reserve lovers usually prefer to select book like comic, short story and the biggest one is novel. Now, why not striving Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques) that give your enjoyment preference will be satisfied through reading this book. Reading addiction all over the world can be said as the method for people to know world better then how they react toward the world. It can't be explained constantly that reading addiction only for the geeky individual but for all of you who wants to end up being success person. So , for every you who want to start reading as your good habit, it is possible to pick Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques) become your personal starter.

**Thomas Rojas:**

A lot of guide has printed but it differs. You can get it by online on social media. You can choose the most beneficial book for you, science, comedy, novel, or whatever through searching from it. It is identified as of

book Positional Release Techniques: includes access to [www.chaitowpositionalrelease.com](http://www.chaitowpositionalrelease.com), 4e (Advanced Soft Tissue Techniques). Contain your knowledge by it. Without leaving the printed book, it might add your knowledge and make you actually happier to read. It is most significant that, you must aware about guide. It can bring you from one place to other place.
