The Age of Austerity: How Scarcity Will Remake American Politics

Thomas Byrne Edsall

The Age of Austerity: How Scarcity Will Remake American Politics Thomas Byrne Edsall
One of our most prescient political observers provides a sobering account of how pitched battles over scarce resources will increasingly define American politics in the coming years—and how we might avoid, or at least mitigate, the damage from these ideological and economic battles.

In a matter of just three years, a bitter struggle over limited resources has enveloped political discourse at every level in the United States. Fights between haves and have-nots over health care, unemployment benefits, funding for mortgage write-downs, economic stimulus legislation—and, at the local level, over cuts in police protection, garbage collection, and in the number of teachers—have dominated the debate. Elected officials are being forced to make zero-sum choices—or worse, choices with no winners.

Resource competition between Democrats and Republicans has left each side determined to protect what it has at the expense of the other. The major issues of the next few years—long-term deficit reduction; entitlement reform, notably of Social Security, Medicare, and Medicaid; major cuts in defense spending; and difficulty in financing a continuation of American international involvement—suggest that your-gain-is-my-loss politics will inevitably intensify.

This particular book exist new knowledge the information that exist in this publication represented the condition of the world right now. That is important to yo7u to understand how the improvement of the world. That book will bring you in new era of the syndication. You can read the e-book on your smart phone, so you can read it anywhere you want.

Marco Manuel:

As a student exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's heart or real their passion. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this The Age of Austerity: How Scarcity Will Remake American Politics can make you sense more interested to read.
