Cary Wolfe

## **Animal Rites: American Culture, the Discourse of Species, and Posthumanist Theory** Cary Wolfe

In *Animal Rites*, Cary Wolfe examines contemporary notions of humanism and ethics by reconstructing a little known but crucial underground tradition of theorizing the animal from Wittgenstein, Cavell, and Lyotard to Lévinas, Derrida, Žižek, Maturana, and Varela. Through detailed readings of how discourses of race, sexuality, colonialism, and animality interact in twentieth-century American culture, Wolfe explores what it means, in theory and critical practice, to take seriously "the question of the animal."
