The Policy of Simmering: A Study of British Policy During the Spanish Civil War 1936-1939 NA Kleine-Ahlbrandt

Few modern events have aroused more controversy than the Spanish Civil War. This controversy was especially acute in Great Britain, which was torn between its distrust of Nazi Germany and Fascist Italy on the one hand and of Communist Russia on the other. The British Government, though under heavy attack from the Opposition and from a handful of its own supporters, succeeded in its endeavours to keep the country out of war on this occasion. The neutrality of Spain, even after Mussolini had entered World War II, was of inestimable value to Britain after the debacle in the summer of 1940. It may be therefore that British policy during the Civil War paid off later on as well as achieving its purpose at the time. Dr. Kleine's book, lucidly written and carefully documented, examines the British attitude toward the Spanish Civil War. The author has the advantage of belonging to a generation which is able to analyse these events with historical detachment. Yet his understanding and easy style have made the period live. Neutrality was not easy for Britain. Its far-reaching interests in trading with Spain and in passage through Iberian waters again and again raised awkward problems.
