Catching Stories: A Practical Guide to Oral History Donna M. DeBlasio, Charles F. Ganzert, David H. Mould, Stephen H. Paschen, Howard L. Sacks

In neighborhoods, schools, community centers, and workplaces, people are using oral history to capture and collect the kinds of stories that the history books and the media tend to overlook: stories of personal struggle and hope, of war and peace, of family and friends, of beliefs, traditions, and values—the stories of our lives.

Catching Stories: A Practical Guide to Oral History is a clear and comprehensive introduction for those with little or no experience in planning or implementing oral history projects. Opening with the key question, “Why do oral history?” the guide outlines the stages of a project from idea to final product—the interviewing process, basic technical principles, and audio and video recording techniques. The guide covers interview transcription, legal issues, archiving, funding sources, and sharing oral history with audiences.

Intended for teachers, students, librarians, local historians, and volunteers as well as individuals, *Catching Stories* is the place to start for anyone who wants to document the memories and collect the stories of community or family.

Todd Lyons:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library or to make a summary for some book, they are complained. Just minor students that have reading's internal or real their pastime. They just do what the instructor wants, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So, this *Catching Stories: A Practical Guide to Oral History* can make you sense more interested to read.
