Sams Teach Yourself CGI in 24 Hours (2nd Edition) (Sams Teach Yourself...in 24 Hours) Rafe Colburn

Sams Teach Yourself CGI in 24 Hours teaches the reader the next step beyond simple HTML Web pages. This new edition covers implementing CGI with both C and Perl, and it discusses CGI's relative strengths and weaknesses in comparison with other Web programming technologies like JavaScript, Java, and PHP. It also covers recent developments in templating systems and mod_perl server add-ons.

The book takes the reader from the basics of CGI—learning, for example, how to implement and customize existing CGI programs that have been written by others—to the point where he can use CGI to create his own programs from scratch.

The book also provides numerous real-life examples of CGI scripts—database search tools, survey forms, interactive games, order forms, guest books, and more.
