Werecats and Witchcraft, A Pagan Romance

Nicole is an orphaned witch who has spent most of her life homeless, wandering from place to place in an effort to remain hidden from those who fear her dark gift. But from the moment she stepped foot in Aspire, New York, she felt as if she had come home.

Now her life is being turned upside down by the unexpected arrival of a man from her past. Can he convince her to finally stop running from her fears, or will he be the reason that she returns to the unforgiving highway.

This is a short Halloween addition to a pagan romance series involving werecat shifters and witches. There are some suggestive situations and shapeshifter nudity, but these stories are safe for most mature teens and young adult readers.
