Clarke has always been celebrated for his clear prophetic vision, which is fully on display in this audiobook, but there are also many stories which show his imagination in full flight, to the distant future and to far-flung star systems. This third volume in a series of five includes some of Clarke's most fascinating work, including "The Parasite", "No Morning After" and "Venture to the Moon". This recording is unabridged. Typically abridged audiobooks are not more than 60 per cent of the author's work and as low as 30 per cent with characters and plotlines removed.
