Campbell's Operative Orthopaedics 4 Volume Set S. Terry Canale MD

Under the new leadership of S. Terry Canale, MD, the ninth edition of Campbell's Operative Orthopaedics continues the tradition of being the most definitive text available on orthopaedic surgery. This edition consists of 84 chapters divided into 16 parts. Many different techniques are presented for the treatment of a specific problem so that the reader can select the appropriate procedures. Proven techniques as well as new, currently popular, techniques are described step-by-step and accompanied by artists' illustrations.

* Reduced number of volumes to four from the current five by eliminating procedures no longer in use *
Reorganized Table of Contents * 29 chapters have new authors * Second color used in text, tables, and boxed lists to help reader focus on important information
