BOOK #1: Frugal Living: 50+ Practical Lessons To Spend Less Money and Yet Enjoy Life Completely

Do you have a desire to live more frugally? Do you feel like you spend too much time working and not enough time enjoying life? The benefits of a frugal lifestyle far outweigh the sacrifices you might have to make.

There are many ways you can live more frugally while still enjoying your life.

In this book you will learn:

- 50 Tips and Tricks to Save Money
- How to Live Frugally and Enjoy Life More
- Activities You Can Do That Are Low Cost and High on Fun
- Budgeting Tips for Living Frugally
- How to Make Your Own Green Cleaning Products to Save Money

Living frugally doesn't mean you are a cheapskate. It just makes sense in this day and age and in these economic times to look for more creative ways to live frugally. When you spend less money, you have more money left over for other more important things like vacations, savings accounts, and other things. Money does not buy you happiness - but saving money just might. Some of the wealthiest people in the world are also the most frugal, so that should say something about the fine art of being frugal. Using these tips you can see that it doesn't take a whole lot of effort to live frugally. Being frugal can help you spend less, work less, and have more time for those things in life that really matter.

In the end, that is the real bonus.

BOOK #2: Minimalist Living: Learn To Be Happy With Less, Organize Your Life And Enjoy Simpler Living

How much of your time do you spend in the pursuit of wealth and stuff? How many hours of overtime have you worked, only to spend it on useless stuff you really didn't need? How much of your hard earned resources have you squandered away on trendy clothing and electronic gadgets or silly things to place around your home? If you spend much of your time consuming goods and entertainment, rather than enjoying nature or enjoying family and friends or hobbies, then it might be time to simplify your life and consider a minimalist lifestyle. When you pass from this earth, people will not remember you for your stuff, they will remember you for your heart and for the love you gave them. Your stuff does not define you in the end. Life is not about stuff, it's about the experiences you have and the passion you feel. The less stuff you have cluttering up your life, the freer you will feel. In order to embrace the minimalist lifestyle, you have to stop and ask yourself what is really important in your life. You have to ask yourself if the stuff that surrounds you brings you joy, or if it is holding you back. Surrounding yourself with only those things you love, feels good. When you have nice things around you, it's easier to relax.

Simplifying your life starts with simplifying your surroundings.

In this book you will learn about:

- Feng shui and clutter
- How consumerism affects clutter
- The many benefits of a minimalist lifestyle
- How to clear the clutter from your home
- How to get started
- How to maintain a minimalist lifestyle
- How to better manage electronic clutter
