[(Basic Concepts in Medicinal Chemistry)] [Author: Mark W. Harrold] published on (January, 2013)

Mark W. Harrold

This textbook focuses upon the basic, fundamental concepts that govern the discipline of medicinal chemistry as well as how and why these concepts are essential to therapeutic decisions. It includes numerous examples of each concept as well as review questions designed to help students assess their understanding of these concepts. Each chapter also includes a section that focuses upon the application of the pertinent concepts to therapeutic decisions.
