British socialite Zoe Anderson-Howe's pampered life is abruptly shattered when she's taken hostage by FARC guerrillas while on a business trip to Bogota. While her father struggles to come up with the ransom, she must endure hardships that test her both mentally and physically.

Elite Operative Fetch has been living in the Colombian jungle for six months on a mission to infiltrate the FARC and orchestrate the rescue of western hostages. When Zoe is added to her assignment, Fetch's sense of duty must override the disdain she initially feels for the self-indulgent tabloid queen.

The task of freeing Zoe gains new urgency when it appears she may be the key to stopping a mysterious new virus that is racing across the globe, killing indiscriminately. The support Fetch counted on is needed elsewhere. Can she get Zoe out of there on her own, and will that be enough to save the millions of lives in peril?
